

C E R T I F I C A T E

QP-20-04-16-01

Pursuant to the surveillance contract WBP-2020-02-01-01, order no. 2117013, this certificate is valid for the product

Fiberboard MDF Light/ MDF Ultra-Light

MDF acc. to EN 622-5

In the nominal thickness range: 9 mm – 25 mm

Manufactured by
Masisa S.A. Chile

At its manufacturing site
Planta Mapal
Camino a Coronel Km 10 S/N
San Pedro de La Paz – Concepción, Chile

Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)
Zellescher Weg 24; 01217 Dresden; Germany

as accredited testing laboratory and certification body

- (A) verifies that the manufacturer applies a quality control method for the determination of the formaldehyde content acc. to EN ISO 12460-5 complying with the requirements given
- (B) established a correlation between the test results of the manufacturers production control method and the results of the reference method EN 16516 or EN 717-1
- (C) established a quality control limit (QCL) for each product type

As a result of the supervision conducted on 19 February 2020 and on the basis of the test report 2117013/2020/MDF/01/E1-2020 of 16 April 2020 it is hereby confirmed, that the above mentioned product fulfils the requirements of formaldehyde emission class **E1 DE 2020** according to **ChemverbotsV Anlage 1 zu §3** using the reference method **DIN EN 16516 respectively DIN EN 717-1 (results multiplied with factor 2)**.

This certificate was first issued on 16 April 2020 and remains valid as long as the mentioned test procedures and/or requirements of factory production control for the assessment of formaldehyde emission are unchanged and the product and manufacturing conditions in the plant are not changed significantly, unless the certificate was suspended or withdrawn by the product certification body.
